VOL. IV.

2.

EDMONTON, TUESDAY, SEPTEMBER 16, 1913.

TWELVE PAGES

HON. CHARLES W. FISHER OF COCHRANE IS ELECTED THE SPEAKER OF THE THIRD ALBERTA LEGISLATURE

BRYAN AND ALPINE YOYELERS ON SAME LECTURE PLATFORM.

SUFFERING SEQUEL STRIKE IN DUBLIN

Poorer Classes Are Affected by the Increase in the Price of Food.

Dublin, Sept. 16.—Over 10,000 men have joined in the strike movement started by the transport workers here and the building and other trades are greatly affected. It is estimated by the leaders that unless peace between the men and the employers is soon reached, 5000 more men will be thrown out of work as their labor depends on that of the men who have struck already.

There is considerable suffering among the poorer classes, both in the Irish capital and in other towns of the south of Ireland, owing to rise in the prices of food stuffs brought about by lack of transportation facilities. Vessels laden with commodities are lying in docks unable to discharge their cargoes.

FOO DELAYS STEAMER.

London, Sept. 16.—The Canada steamship *Atlantis*, from Canadian ports, reached Plymouth last evening with 368 passengers, nearly 24 hours late. For delayed the steamer 18 hours on the Newfoundland banks, and then a northwest gale damaged her propeller.

MATERIAL INCREASE IN PROSPERITY NORTHWEST

Substantial Growth of the Territory in General is Shown by the Annual Report of the Gross Earnings of the Soo Line, of the Greatest of the Railway Systems.

Minneapolis, Sept. 16.—The material increase in the prosperity of the northwest during the last year, is reflected by the gross earnings of one of the northwest's great railroad systems, the Soo line. In the report made to the stockholders at the annual meeting held in Minneapolis today it was shown that the gross earnings of the year ending June 30, 1913, amounted to \$21,410,972.03.

In 1912 the gross earnings were only \$20,997,498.41.

"The substantial increase in the company's gross earnings, while partially due to the unusual grain crop of 1912, reflects also the growth and general prosperity of the northwest, including the territory adjacent to the line," said Mr. Pennington of the Soo line.

The operating expense of the Soo line proper total \$12,096,214.80 for the year just passed. In 1912 the operating expenses totalled \$9,584,406.16.

At the meeting of the stockholders all of the present directors were re-elected. They are Edmund Pennington, Charles H. Pillsbury, C. P. Pettit, Horace Lowry, W. L. Martin, Alfred H.

BLACKSMITH FATALLY BURNED BY HOT IRON

Windsor, Ont., Smith Falls in Flair While at Work and is Burned.

Windsor, Ont., Sept. 16.—Henry De Lisle, 63 years old, a blacksmith who lived in the township of Sandwich west, is dead as the result of terrible burns received while at work in his shop last Saturday. De Lisle was seized with a fainting fit and fell to the floor and as he fell his body came in contact with a piece of iron heated to white heat. Instantly his clothing was ablaze and before the flames were extinguished the man was so burned that his recovery was practically impossible.

LABOR CONSIDERS ABOUT CANDIDATES FOR CITY COUNCIL

Carpenters Confer With Trades Assembly in Regard to Nominations.

TO REQUEST WORKMEN TO SHUN THE MILITIA

Committee Will Explain that a Member is Counted as Being Against the Principles of Unionism.

At the meeting of the Trades and Labor council held last night in the Mechanics hall, Secretary Farnham was in receipt of a letter from the United Garment Workers, requesting action with the local Trades and Labor council. The letter was ordered filed and the executive committee instructed to wait upon the officers of the Garment Workers Union at their next meeting.

The American Federation of Labor requested the council to ask all local unions to assist the Western Federation of Miners, who are combating the strike of the miners in the Colorado and Idaho copper regions of upper Michigan. The request was referred to the executive committee to devise ways and means.

The Edmonton district council of carpenters conferred with the Trades and Labor council last night relative to the nomination of three candidates to run for aldermanic offices in the coming municipal election. The subject was referred to the election committee which will meet next Monday night at Mechanics hall.

All local unions are to be sent a list of business houses that have been unfair to organized labor. The Trades House was voted as unfair and notices accordingly sent to all locals.

A committee from the Carpenters Union visited upon Mr. Scott, a new contractor in Edmonton, asking him to comply with union conditions. The committee reported Mr. Scott as being favorable to the demand.

A motion was made and passed, ordering a committee appointed to send notices to all labor unions of Edmonton, asking that their members refrain from joining the militia which was considered to be against the principles of trade unionism.

That the products of distilleries and breweries are sold by retailers at an exorbitant price was the recommendation by the Alberta Federation of Labor in a letter asking that council to have the delegates start a concerted movement for the reduction in price of the stock-holders the board of directors met and re-appointed all of the present officers.

SLAPPED IN FACE, SHOTS AND KILLS

Professor Ends the Life of a Soldier When Insulted in Honor Court.

Berlin, Sept. 16.—Prof. Heinrich Mass, court painter and social leader, shot and killed Count Chamberlain Von Westphalen, courier, soldier and member of the army reserve.

A slap in the face led to the professor's act, which took place before the trial of a disgraced officer of honor court. There had been blood between the two for some time. In accordance with the code, they had to agree to submit their differences to a court of honor, which was to decide whether a duel was necessary.

The two men had just completed their testimony concerning their quarrel. Von Westphalen in a rage over some remarks made by Prof. Mass, struck his adversary in the face. The artist immediately drew a revolver and shot the soldier dead.

BILL CROP PROMISES TO BE LARGE, AND CHANCES OF SHORT SESSION SEEM SLIM

Speech From the Throne

Mr. Speaker and Gentlemen of the Legislative Assembly: It gives me great pleasure to welcome you to the first session of the third legislature of the province of Alberta.

With the more adequate representation of the electorate of this province in your assembly, which you now have, I feel sure that every portion of the country will feel the greater benefit of your deliberations. Since the prorogation of the fourth session of the second legislature of your assembly, the people of the province of Alberta, in common with the whole civilized world, have felt the strain of a severe financial depression, which I am pleased to say is now lessening. Notwithstanding this stringency, however, general business throughout the province has been good. Population has largely increased, with the naturally consequent increase in buildings and improvements, and with the unanticipated harvest with which it has pleased an all-wise Providence to reward the labor of our farmers, the prospects of all classes of people in the province are better than ever before.

You will be pleased to know that this building so well adapted for legislative and departmental uses, as well as a suitable residence for the representative of His Majesty in this province, are practically complete.

Good progress has been made by my government so far this year in carrying out the necessary road and bridge building, telephone extensions and various other public works, and it is the intention that these will be carried on with due regard to the increasing population and the growing necessities of the province.

The three agricultural schools authorized by you have been erected and will, within a short time, be in actual operation, and I believe will be of great assistance in developing interest in proper agricultural methods in the province.

The establishing of offices in London, England, and the appointment of an agent-general for the people of this province in many ways, a very great benefit to the province in England will, I am sure, be of great benefit to the people of this province in many ways.

Since last session a commission was appointed by my government for the purpose, with representatives from other provinces and many states of the union, of studying in Europe the question of agricultural staples. A final meeting of all the delegates will be held later and it is hoped that the report which would be made will be of assistance to the agricultural interests.

I regret to say that the federal government has not as yet taken any steps to encourage the public provision of the same public staples of the Dominion. My government is strongly of the opinion that only by securing a territorial basis for the question of agricultural staples, and will continue to maintain that position until the financial provisions of the British North America act are made applicable to all provinces alike.

At this session, there will be introduced a number of important bills dealing with administrative and other questions, together with a large number of private bills, and these I would ask your close consideration.

The public accounts for the last fiscal year will be laid before you, as well as estimates of the amounts required for expenditures during the coming year, all prepared with due regard to economy and the requirements of the public service.

I now leave you to the business of the session, having full confidence that your deliberations will be divinely guided to the best interests and welfare of the province.

SAYS WOMEN WILL NOT JOIN DOMESTIC SERVICE

And Industrial Superintendent Declares that they Cannot Be Made to—Canadian League of Social Welfare Discussed at Charities and Correction Conference.

Winnipeg, Sept. 16.—The proposal to organize the Canadian League of Social Welfare was discussed this morning at the Canadian conference of Charities and Correction held here. J. S. Woodworth outlined the proposal, which, he said, would co-ordinate social work being done by many agencies throughout the Dominion, and would enable organizations in the Maritime provinces, Ontario, the western provinces and British Columbia to co-operate.

W. M. Leleson, superintendent of the Industrial Commission of Wisconsin State, gave a paper on "Public Employment offices in theory and practice." In the discussion, City Controller J. O. McCarthy, Toronto, advocated the establishment of training farms for immigrants, where they could be trained for 30 days in Canadian methods of farming. He thought they would come to like the work and stay on the farm. Mr. Leleson told of women's work in connection with his commission, and said that women would not go into domestic service, and they could not make them.

BRITISH INDIANS THREATEN STRIKE

140,000 Men Say They Are Discriminated Against by Immigration Laws.

London, Sept. 16.—British Indians in South Africa, to a number of 140,000, threaten a passive strike, according to a Johannesburg despatch to the Daily Mail, for the redress of grievances. They declare they are discriminated against by the immigration and labor laws and they propose to break the laws. If arrests follow, it is asserted, the Indians will cease work.

Paris, Sept. 16.—A remarkable flight, utilizing a new cross country record was made yesterday by the French aviator Ernest Guillaux. With a passenger he covered 118 miles, from his home at Savigny Sur Braye in Paris, in 50 minutes. This was at the rate of nearly 142 miles an hour.

Guillaux recently was awarded the single day record of 829.4 miles.

BIRD MAN FLIES 118 MILES IN 50 MINUTES

French Aviator Makes New Record for Cross Country Flight.

Paris, Sept. 16.—A remarkable flight, utilizing a new cross country record was made yesterday by the French aviator Ernest Guillaux. With a passenger he covered 118 miles, from his home at Savigny Sur Braye in Paris, in 50 minutes. This was at the rate of nearly 142 miles an hour.

Guillaux recently was awarded the single day record of 829.4 miles.

FRIENDLY SPIRIT

IS PREVALENT IN THE ATMOSPHERE

Members from Agricultural Constituencies Are in Rare Good Humor.

TALK HAS NO IDEA OF FINANCIAL STRINGENCY

Lieutenant Governor Escorted to Parliament Buildings by Mounted Rifles, and Throne Speech Cheered.

The first session of the third legislature of the province of Alberta was convened by Lieutenant Governor Bulyea at 3 o'clock this afternoon with the customary ceremonies. The lieutenant governor was escorted to the parliament buildings by a detachment of 15 members of "A" squadron, Alberta Mounted Rifles, under the command of Lieutenant Thieme. The escort consisted of 12 troopers, a sergeant and a trumpeter. The appearance of the troopers, smart and steady, called for words of praise from spectators all along the route.

The spacious parliament buildings, polished and spotless, were crowded with representatives of the press from all parts of the province. Every city and town of note was represented. On the floor of the legislative chamber were seated a large number of ladies, whose brilliant costumes lent a splendid dash of color to the great white chamber.

On the speaker's table were flowers in profusion. Several of the members had bouquets on their desks. It is the first time in the history of the Alberta legislature that the session has been opened at a time when flowers are in bloom outdoors.

When the Lieutenant-Governor took his seat on the speaker's throne he was officially discovered that the house was without a speaker, and formally drew the attention of Premier Sifton to this fact. The Premier was, of course, surprised, that is, surprised officially. The speaker had suggested a previous understanding on the question. Hon. Charles W. Fisher, of Cochrane, who has officiated as speaker of the Alberta house since the organization of the province, was re-elected, and the applause which greeted his appearance on the platform was an echo of the high esteem in which he is held by his fellow members.

Following the induction of the speaker, the Lieutenant-Governor delivered the opening speech of the session, which was listened to amid profound silence. Another outburst of applause broke out at the conclusion of the speech, and the Lieutenant-Governor was loudly cheered as he left the assembly room.

On the floor of the assembly, the new members were introduced to the members of the legislature at the parliament buildings this morning. The new members were introduced to the members of the legislature at the parliament buildings this morning.

The members from the agricultural constituencies were all in rare good humor. Each had a tale of bumper crops to tell and they vied with each other in predictions of mammoth yields. Generally their talk conveyed no idea of depression in Alberta, despite the money stringency.

The bill crop seemed to be in harmony with the grain crop, judging by the number of measures that are in introduction. Nearly every member seemed to have a bill up his sleeve, or at least a piece of legislation on his mind. Wherefore the chances of a short session appear to be slim.

There are few predictions regarding the session. Whatever the opposition members have in mind they are kept in the background.

GILLETTE'S SAFETY RAZOR

THE STANDARD ARTICLE SOLD EVERYWHERE REFUSE SUBSTITUTES

McREYNOLDS MAY QUIT

Attorney General James McReynolds who is reported to be contemplating the advisability of resigning his place as President Wilson's cabinet member, is the subject of much adverse criticism during his short tenure of office and it is believed by many that he will gladly welcome an opportunity to enjoy the peaceful life of a private citizen.

GUILTY OF ASSASSINATION.
A man, razor in hand, was caught by his wife assassinating not an enemy, but a coon—what he zoned was Putnam's Coon Extractor; it's safe, painless and sure. Try "Putnam's" course so fast, 25c. at all dealers.

MUNICIPAL NEWS.

Improvements Are Asked—
A delegation of five park residents waited on Mayor Short yesterday and laid before him the conditions of the park in that subdivision, in which there are hundreds of residents who have absolutely no improvements. The delegation was headed by Messrs. I. Trotter and T. Strand, who asked that something be done for the residents by extending the water and sewer facilities. It was also pointed out that a fire hall and some sidewalks are prime necessities. The mayor informed the residents appearing this morning that their case would be given due consideration and his short tenure of office and it is believed by many that he will gladly welcome an opportunity to enjoy the peaceful life of a private citizen.

Street Sprinkling Criticized—
The method of sprinkling the streets is not meeting with the approval of Superintendent Allen, and in a letter to the commissioners he is complaining about the wet, muddy condition of the pavements as a result of the street watering department not using proper care in doing this work. The street watering department has been criticized for the streets department with \$160 for street sprinkling. Mr. Allen states in his letter to the commissioners that he has no way of checking these bills, and as a result he suggests that in future two men should be put on the sprinkler to operate the valves in addition to the foreman. If this were done each department could have a man on the sprinkler, with the result that the street watering department would be able to keep a check on the work and therefore determine if the charges made by the street watering department are correct. Superintendent Lyons, of the city, has reported to the commissioners, giving his views on the matter.

NEWS OF THE CITY

Big Turnip for Police— Captain Hais stationed at headquarters was the recipient Saturday of a turnip weighing 14 pounds and one ounce and a beet that tipped the scales at five pounds and 14 ounces. They were presented to the captain by Superintendent Lyons, of the city.

Back From Mountain Trip— A. L. Munn of London, England, and M. Indemian of Larnard, Switzerland, have returned from a very interesting six weeks' exploration of the Rocky Mountains in the vicinity of Jasper Park. Both the men were very much impressed with the beauty and grandeur of the Canadian Rockies, stating that there were many peaks that rivalled those of the Alps. They made an unsuccessful attempt to climb Mount Clark, which is said to be one of the most difficult peaks to climb in the Rockies. Rain and a very heavy wind compelled them to halt when about 100 feet from the summit.

Fort Saskatchewan Fair— Today is the occasion of the annual fair for the Fort Saskatchewan Agricultural Society. It is confidently expected that this fair will eclipse any and all others that have been held there in previous years. Several improvements in the grounds have been made and with a good racing program and a large exhibit it only needs the good wishes of the community to crown it a huge success. Dr. Simmons is president of the society this year and Dr. Montgomery is secretary.

Hurt in Runaway— Striking a dog in a lane a spirited team of horses, driven by Walter Caruthers, halted, and threw their driver off the wagon at 2 o'clock yesterday. Caruthers struck a fence in his descent and was knocked unconscious. Police employees at the storehouse tended first aid and dressed a slight scalp wound, after which the driver was taken up at the receiving platform of the warehouse.

FULL START NEXT SPRING.
Toronto, Sept. 16.—L. Easton, on a visit to Toronto from Port Nelson, Hudson Bay, says that two freighters have been plying for many weeks on the Atlantic and that a number of large bridge timbers are on the ground. It is the intention of the government, he states, to rush the loading of the supplies so that a full start may be made toward the south-west next spring.

CAPTAIN WILSON GARRETT DEAD.
Montreal, Sept. 16.—Captain William Garrett died last night. He was for many years a resident of the city and was well known in the business community. He was married and had several children.

DISTRICT COURT.
A lengthy docket greeted Judge Jackson of Macleod yesterday. One hundred and seven cases of debts ranging from a few dollars to several hundred dollars are slated to be heard during the next few days. Most of the work of the morning session was taken up at the afternoon session. Several appeals were heard. Several appeals were heard. Several appeals were heard.

CRIMINAL ASSIZES.
The only case to come up before the morning session of the criminal assizes, which opened yesterday before Judge Taylor, was that of Tom Frazee charged with stealing a sum of \$120 from Mike Amundson, about May 27th last. The case occupied considerable time owing to the fact that most of the evidence had to be taken through the court's suggestion. Frazee was charged with the crime and maintained that although it was late in the evening he could clearly distinguish the walkway lying on the sidewalk. The case was remanded until Wednesday.

HUDSON'S BAY COMPANY

Have You Prepared for Fall

If you haven't, it is about time you did and you had better hurry up too. Our selection is now at its best, all counters have the appearance of Fall but are rapidly being picked over and you would not find the selection so great as it is now.

ARMOUR TRAVELLER VISITS
"You have the most wonderful city between Winnipeg and the coast," was the way J. F. Metzger of Duluth, Minn., expressed himself with regard to Edmonton in conversation with a Capital Branch of the Armour Traveler. Metzger is a traveller for Armour and company, of Chicago, with headquarters in Duluth, and with his wife and two children is making a tour of the west.

CRIMINAL ASSIZES.
The only case to come up before the morning session of the criminal assizes, which opened yesterday before Judge Taylor, was that of Tom Frazee charged with stealing a sum of \$120 from Mike Amundson, about May 27th last. The case occupied considerable time owing to the fact that most of the evidence had to be taken through the court's suggestion. Frazee was charged with the crime and maintained that although it was late in the evening he could clearly distinguish the walkway lying on the sidewalk. The case was remanded until Wednesday.

Circuit No. 5.
Castor, Tuesday-Wednesday, Sept. 16-17.
Coronation, Thursday-Friday, Sept. 18-19.
Camrose, Tuesday-Wednesday, Sept. 22-23.
Ponoka, Thursday-Friday, Sept. 25-26.
Lacombe, Wednesday-Friday, Oct. 1-2-3.
Alix, Tuesday, Sept. 30.
Vauxhall, Tuesday, Oct. 7.
Ponok, Wednesday-Thursday, Oct. 8-9.

EDMONTON FIRE CITY FOR SALE SAY INVESTORS

P. O. Dwyer Points Out Reasons for Rise in Farm and in City Property.

BOOSTS MUNICIPALITY IN CHICAGO EXAMINER

Tells Great Hearst Newspaper that Development of Peace River Country Means Further Growth.

P. O. Dwyer is president of the Northern Investment Agency, Limited, of Edmonton, Canada, and one of the prominent figures in the business life of Edmonton. He has been an important factor in the investing capital from the States and abroad to make investments in business and is personally responsible for securing the location of the Swift packing plant at Edmonton. In 1910, in company with C. E. Swift, of Swift and Company, of Chicago, and Theodore Revillon of the Northern Investment Agency, Limited, he has been for years a director of the industrial association and a member of the Edmonton board of trade. In 1912, he was the Chicago Examiner, one of the great Hearst newspapers, he says.

I came to Edmonton eight years ago. The city that you see today presents a very different aspect than when I first arrived here. There were then no paved streets, no street railways, no hotels, a population of 8,500, the nearest railway station was the station on the Canadian Pacific railway, the nearest terminus in Stratford, across the river. Since then, two Canadian trunks—the Grand Trunk and the Canadian Northern—have built into the city. The Canadian Pacific has completed one of the largest bridges in Canada across the Saskatchewan river, and now, in Edmonton, there are the finest hotels, 30 miles of paved streets, very good electric light, telephone and street car system owned and operated by the city, and all the comforts enjoyed by any city of the population of 200,000 or over in the States.

Build on Site of a Trading Post. Edmonton, like Chicago, is built on the site of an early trading post and fort, and is the meeting place of the transcontinental lines to the west and the lines running north into the great Peace River country. The Transcontinental railway and the Canadian Northern railway are both being rapidly built west to the coast. A large portion of the mileage is already completed, and the lines will be in operation in 1914. The importance of the opening of these transcontinental lines through to the coast will mean to Edmonton and its relation to the transcontinental trade is best understood when you consider that the mountains pass west of Edmonton furnishes the lowest grade through the mountains on the North American continent. A single locomotive along these transcontinental lines will haul thousands of pounds of freight over the mountains for every grossing of any other line. The mountains of the Pacific will bring it thousands of miles closer to the great markets of the world.

Farm Values and Income. "In the same way" that wheat seeks its level so farmers are flocking into this country, leaving their \$200 an acre farms, attracted by known production possibilities here. A farmer can raise crops, raise stock on land that will not grow wheat for \$15 to \$20 an acre and find a market for them in Edmonton at the same price he would find it in Chicago. It is possible to realize what the average owner of the country here can do. It will mean to Edmonton, the farm improvement, people report that they have this year done a surprisingly large business in the Peace River country. This country is at present unserved by railway transportation, and all merchandise that goes in has to be hauled over the trails, such well known and reputable interests in the Peace River country as J. B. Corwell, formerly a member of parliament from the fourth country, and J. O. Hewitt, president of the Canadian and company, Limited, state that this great country is rich in minerals, has created new railways, and is even as far back as 1870 when from the Peace River country the prize to the Centennial Exhibition at Philadelphia. They tell me that the climate, tempered by the warm waters of the Peace River, is more temperate than the climate in the southern part of the country, and they prophesy that it will become the great

STEPS TAKEN TO PROMOTE SAFETY

Railway Board Starts a Campaign for Prevention of Accidents. Toronto, Sept. 16.—Steps taken by the Ontario railway and municipal board to promote a conference of various interests to prevent traffic accidents, resulted today in the organization of a committee for the promotion of public safety. A general discussion took place and an adjournment was taken until Wednesday when proposals for an educational campaign will be considered.

The committee was organized with H. Willis as chairman and Fred Hubbard of the Toronto railway as secretary, with the following representatives: P. O. Miles, secretary of the board of trade; Oliver Hezlewod, president, and Dr. Doolittle, vice-president of the Ontario Motor League; J. M. Gault, secretary of the Toronto branch of the Canadian Manufacturers' association; G. W. Wilson, street commissioner, and E. W. W. McLean, Toronto railway company; Robert Edgar, and J. T. Burke, railway branches of the department of agriculture.

GIRLS! CLEAN AND BEAUTIFUL HAIR NO DANDRUFF—25 CENT DANDERINE.

Stop Washing Hair! Try This! Makes It Glossy, Soft and Abundant.

Surely try a "Dandierine Hair Cleanse" if you wish to immediately double the beauty of your hair, get moisture a cloth with Dandierine and draw it carefully through your hair, taking one small strand at a time, this will cleanse the hair of all dirt and any excessive oil—in a few minutes you will be amazed. Your hair will be wavy, fluffy and abundant and of an incomparable softness, lustre and luxuriance.

Besides beautifying the hair, one application of Dandierine dissolves every particle of dandruff, invigorates the scalp, stops itching and falling hair. Dandierine is to the hair what fresh showers of rain and sunshine are to vegetation. It goes right to the roots, invigorates and strengthens them. Its exhilarating, stimulating and life-giving properties cause the hair to grow long, strong and beautiful.

You can surely have soft, lustrous hair, and lots of it, if you will just try a 25 cent bottle of Dandierine. Dandierine from any drug store or toilet counter and try it as directed.

TURKISH NEW SHIP MATCH FOR IMPORTANT SITTING OF PARLIAMENT

France Other Only Power in Mediterranean Carrying Guns of Same Size.

London, Sept. 16.—In the battleship Reshadieh, which has just been launched by Vickers Co., at Barrow, Turkey has a vessel equal in size and speed to any yet put afloat for a Mediterranean power. Except for the French battleships, recently launched, the Reshadieh is superior to the latest ships to take the water in the Mediterranean. The battleship is 21,000 tons, with a complement of 2,000 men, and is armed with 12-inch guns.

The Reshadieh, begun in 1911, but delayed in construction while the Balkan war was in progress, is due to be completed next year. In displacement she resembles the British battleships of the King George V. type, her tonnage being 22,000 as compared with the 23,000 of the French Bretagne, the 21,500 of the Italian Dante and the 20,000 of the Austrian Viribus Unitis.

The Reshadieh has ten 13.5 inch guns in her main battery. France is the only other Mediterranean power with a vessel affording carrying guns of this calibre. The Italian and Austrian battleships have only 12-inch guns, and also have the Russian dreadnoughts of the Black Sea, none of which move over has yet been launched.

CHARGE LICENSES IN DEPARTMENT

Saverton, Sept. 16.—Guns licenses were in great demand here yesterday and all available were sold before noon.

A Splendid New Line of Women's House Slippers

Our new line of women's house slippers has arrived, affording a splendid choice of a varied assortment of comfortable slippers at the well-known Ramsey savings.

One line of warm plaid slippers, sizes 3 to 7, has full sole covered with leather; roll collar and tassels. The pair . . . \$1.25. Another slipper, called the "Kozy," is very aptly named—it's as cozy as can be. Made of red, blue and brown plush, and has soft leather sole. Sizes 3 to 7. The pair . . . \$1.25. Plaid slippers with large silk laces and roll collar. The pair . . . \$1.00. Men's house slippers of felt, velvet or plaid wool tops and leather soles. Sizes 6 to 11. The pair 80c.

All felt slippers with fur trimmed top and leather sole. The pair . . . \$1.50. An extra slipper made of plaid camel cloth. Has camel collar and brown silk tassels. Has double stitched felt sole, covered with leather. The pair . . . \$1.25. Rubber slippers in red, blue, brown, black and white. Has felt top and velvet with fur trimmed top and leather heels. The pair . . . \$1.45. Crochet slippers in pink and blue. Has camel's wool soles and good high tops. The pair . . . \$1.75.

Just Think of Getting a Stylish Warm Coat Such as This for \$8

Yet that is all we ask for the coat here illustrated. There is absolutely no doubt about its being the best coat in Canada at the price.

It is made of heavy diagonal boucle cloth in navy, brown and black. Is 45 inches long. Has the stylish cut-away front and collar is adjustable to close fitting or flat open style. Sizes 34 to 38. One of Ramsey's very best offers. Each . . . \$8.

Women's Excellent Kimonos at These Modest Prices

Wrapperette Kimonos, all sizes up to 42. They are made of good quality heavy wrapperette in sage, navy, mauve and grey, with pretty Paisley designs. Have square collars, trimmed with repp. Each . . . 1.25.

Women's Extra Quality Wool Cashmere Hose

We mentioned these hose a few days ago, but again call your attention to them, for we believe they are values you would dislike to miss. They certainly surpass all our former qualities at same price. They have full fashioned legs and feet, high spliced heels and toes, and are made of extra fine wool cashmere, plain or ribbed, black and tan. Buying them direct from the mill enables us to sell them 3 pairs for \$1.

THOUSAND CARS IN SIGHT—WHEAT GRADING WEL

Of 1,727 Cars Inspected, Only Three Were "No Grade."

Winnipeg, Sept. 16.—Inspections for Saturday and Sunday at the Winnipeg yards were 1,727 cars, as against 20 cars for the two corresponding days of last year. Out of this number of cars 1,724 were "No grade," and only three cars were "No grade." One thousand cars were reported in sight for inspection.

DR. D. G. GREENE DEAD.

Tokio, Sept. 16.—Dr. Daniel Greene died yesterday at the age of 78. He was senior missionary in Japan of the American board of commissioners for foreign missions, and was decorated by the emperor with the third class of the order of the Rising Sun, the highest order conferred on civilians resident in Japan.

MAJOR LEAGUES DRAFT 108 MEN OUT OF MINORS

Drawing Before Baseball Commission Held at Cincinnati Yesterday.

ST. LOUIS AMERICANS GET ROACH OF CALGARY Was the Luckiest Club in the Draw, Getting 41 Minors Out of the Total Number that Were Drafted.

Cincinnati, Sept. 16.—One hundred and eight minor league players were elevated to major leagues via the draft route here yesterday when the American league obtained permanent players from draft, while the National league obtained 41 minors, the drawing for which was made before the baseball commission. The St. Louis American league club was by far the luckiest in the draw, obtaining 30 players, more than one-fourth of the total number of all obtained by all major leagues. The Cincinnati team was second with 11, the Chicago Americans came next with 10, Detroit Tigers 9, Philadelphia Americans and Boston Nationals five, Chicago National four, Philadelphia Nationals three, Cleveland Americans and Boston Nationals two each, while Washington and the St. Louis Nationals obtained one each.

The drawing of the major league teams for class A and class A-1 players, resulted as follows: St. Louis Americans eight, Detroit Americans and New York Americans six each, Brooklyn and Chicago Nationals three each, Chicago American and Cleveland American two each, New York Americans, Washington, Philadelphia and Cincinnati one each.

Following is a new National commission rule, stipulating that the major club drawing for players from a minor league club must be selected by lot before the player is drafted, the names of players to be obtained by the majors from class A and A-1 were not announced immediately and will not be officially announced until today. However, quite a number of the players to be chosen were given out unofficially last night, among them being:

By Detroit, Matt of Buffalo; by Chicago Americans, Ruth of Buffalo; by Brooklyn Nationals, Gaudier from Newark; while Herbert from Toronto was also transferred to Brooklyn by the Chicago Nationals. In exchange for Zabel, of Winnipeg, and Keating of Columbus, Georgia; Cincinnati, Norvick and Bartholomew, of Victoria, B. C.; St. Louis Americans, Roach, of Calgary.

FOOT RACE TO DECIDE BET MADE 20 YEARS AGO Military Men Made Wager in 1893 as to Which Would Be Fastest Old Man.

London, Sept. 16.—(Bear-Admiral Sir Robert Keith Arbuthnot and Captain Edw. back with today decide a wager made in 1893, when both were young lieutenants—that the former would beat the latter in a hundred yard sprint in 1913.

The race will be on the officers' recreation grounds at Portsmouth. Admiral Arbuthnot is now 49 years old and a prominent motor cyclist.

What about your new Fall Overcoat? Jack Frost will soon be around—tinting cheeks and sending shivery chills down your back. Pick out your Fall Overcoat NOW, from this delightful stock of new styles.

FIT-REFORM

Will Col. SAM PLEASE TAKE NOTICE OF THIS? Canadian Marksmen Say United States Shots Unfairly Ammunition.

Winnipeg, Sept. 16.—"Canada has a lesson to learn from the Panama trophy meet," said Lt. A. M. Blackburn, who, with H. B. Mullins, of the 90th regiment, returned Saturday from the great rifle meet at Camp Perry, Ohio. "Canada must learn to use the U. S. rifle is superior to that served out to our own militia. We used the regulation ammunition handed out to us, but found it to be much inferior to that used by the United States marksmen. Canada must do better and provide her militia with better ammunition than is now used."

FAST HORSE RACES AT STATE FAIR AT DETROIT

Thirteen horses Face Starter in 2:09 Trot—Results of Other Races. Detroit, Sept. 16.—The grand circuit, large fields, close finishes and two brilliant victories of horses driven by Andrews marked the opening yesterday of a five-day grand circuit harness meet here, in connection with the state fair. No records were broken, but fast time was made in several races and in the 2:09 trot, 13 horses, the largest grand circuit field of the season since 1912.

Summary: 2:20 trot, 3 in 5, purse \$1,600.—L. H. Bell, 2; M. J. Bell, 3; M. J. Bell, 4. 2:05 pace, purse \$2,000.—Director won; Flower Drive 2nd; Walter Gosholt 3rd. Time 2:03 1/2. 2:16 pace, 3 in 5, purse \$2,000.—Del Ray won; Harford 2nd; Hal 3rd. Time 2:16 1/2. 2:09 trot, 2 in 3, purse \$3,000.—Ness won; Derby Boy 2nd; Lady Graden 3rd. Time 2:01 3/4.

CURLY HUME IS AFTER JIMMY WELCH'S SCALP

Leaves for Coast Today Where He Will Endeavor to Secure a Match.

Curly Hume, the young Irish lightweight who has been making Edmonton his home since last spring, left yesterday for Vancouver where he hopes to arrange a match with Jimmy Welch. Curly Hume appeared in several bouts in Edmonton last spring and made a hit with the fight fans. Although only a young lad he showed up well in all his bouts. Welch was also here some time ago and a match was being arranged at that time between him and Hume but the bout never came off owing to the lid being put on boxing at that time. Hume went to Vancouver where he now is.

TODAY IN PUGILISTIC ANNALS.

1912.—Several important bouts were pulled off a year ago today. Eddie McGoorty ran up against a slug in his championship career, when Cyclone Johnny Thompson held him to a draw in a 10-round bout in Cincinnati. Over in London Hughie McLean, the Australian lightweight champion, pulled a surprise by winning a decision over Matt Wells, the former English champion. Wells lost by putting over a foul at the end of the 14th round. Louis De Ponthieu, the young French lightweight, defeated Tommy O'Keefe in 10 rounds at New York. Jack Britton fought Young Saylor at Seattle and won on a foul in the sixth round. Kid Williams, the Baltimore bantam, knocked out Billy Fitzsimmons in the eighth at New York. 1901.—Tommy Burns and Billy Wells fought 10 rounds, draw at Seattle. 1897.—Bill Lane defeated Mauri Ruffini in the third round at Melbourne.

"Opportunity is at your door," murmured the individual observer. "What is it this time?" queried the third business man. "A patent corker or a Louisville Courier-Journal."

Your Bad Taste In the Morning Is Due to Catarrh

Destroy This Poisonous Disease Before Your Health is Seriously Injured.

Perhaps you haven't thought of calling those unpleasant symptoms that afflicted your nose and throat by any particular name—but it's Catarrh just the same. When the attack is severe, your eyes are watery and look weak. Your breath is offensive, due to inflammation in the nose and throat. As Catarrh has discovered a real remedy, a new scientific marvel which acts like no other Catarrh remedy on earth. "Catarrhazone" operates on a new plan; it is a direct remedy, goes deep into the source of the trouble. Its rich, fragrant essence and healing balsams are breathed in vapor form through a special inhaler and give instant relief.

Catarrhazone doesn't stop at the relief stage—it goes further—keeps on curing till the cure is effected. Bad cases are cured, as you can judge from the following letter: "Every morning for six months I have used Catarrhazone with a bad taste, an awful breath and stuffed up feeling in my nostrils," writes Bob E. Rutland, of Regina. "It was simply an awful case of chronic Catarrh. Relief first came from Catarrhazone. I used the inhaler twenty times a day and took it to bed with me at night. I am cured, and by the use of Catarrhazone I have been free from irritable throat trouble, coughs, colds, headache or ear-ache."

No medicine on earth is so certain to cure every form of Catarrh or throat trouble as "Catarrhazone." For the large \$1.00 size, last two months and is guaranteed. Medium size 50c. Sample size, all drug stores and druggists, or The Catarrhazone Co., Buffalo, N.Y., and Kingston, Canada.

WINNING HORSE IS DISQUALIFIED

Lounsbury, Jockey on Montreal Course, Suspended for Rough Riding.

Montreal, Sept. 16.—The inaugural meeting of the recently organized Dominion Horse Show and Races, which opened yesterday afternoon. The opening was marked from almost every standpoint. The first race, the 1000 yard hurdle race, was won by Lounsbury, who was riding a horse named "The Winner." Lounsbury was suspended for rough riding. The stewards are following up the case of Lounsbury. The boy was suspended for the remainder of the meeting. The stewards are following up the case of Lounsbury. The boy was suspended for the remainder of the meeting.

BASEBALL CLUBS TO GO ON TOUR AROUND WORLD

First Game Between New York and Chicago Teams to Be Played October 18.

Cincinnati, Sept. 16.—Charles Conkey, president of the Chicago American league, who announced last night that the first game of the tour of the world with the New York National and the Chicago American teams will take place in this year will be played in this city October 18. From this city the two clubs will proceed westward by easy stages to the Pacific coast.

WINS DECISIVE GAME.

London, Sept. 16.—Before 2,000 people Woolwich Arsenal yesterday beat Nottingham three goals to nil, and in so doing the Woolwich team goes to the top of the league table.

TO PLAY FOR MANN CUP.

Vancouver, Sept. 16.—The Y.A.C. team the oak bay, champion of the Vancouver Island league, at Athletic park on Tuesday afternoon, when they will play Victoria will be notified to play. It is proposed to play the first match prior to the ball game between Vancouver and Victoria, with the second game on Saturday after the ball game.

CANADIAN MARKSMAN GIVEN RECEPTION

Vancouver, Sept. 16.—On his arrival here, after a successful tour of the world, the Canadian marksman, who was given a reception, was welcomed by a large number of people. The marksman, who was given a reception, was welcomed by a large number of people. The marksman, who was given a reception, was welcomed by a large number of people.

LONDON CRICKETERS BEATEN BY U.S. CLUB

Match Between Inconspicuous Club of London and Philadelphia Team Finished.

Philadelphia, Sept. 16.—The Philadelphia 11 won the match from the inconspicuous club of London yesterday by three wickets. The Englishmen made 140 runs in the first innings and 149 in the second, a total of 289. The Philadelphia batters made 139 in their first innings, but needed 137 in their second innings to win. They took the match, making a fine feat in fact, although the match was begun last Friday, when it was resumed yesterday. The Englishmen completed their second innings.

SPORTOGRAPHY.

Harry Lewis, the veteran American welterweight boxer, was born in New York 27 years ago today, and although the 10 years he has been engaged in the fighting game he has accumulated a record of 100 wins and 10 losses. His ring showing has been far from remarkable, he is probably one of the wealthiest of fighters, but his name is not as well known as it should be. He is a Jew, and his better half, Sarah, is a capable and efficient manager.

In January, 1912, Lewis was injured in an automobile collision and brought a suit against the London General Insurance Co., Ltd., which resulted in a verdict of \$3,750 damages, brought out some interesting statistics regarding the domestic arrangement of the financial status. Mrs. Sarah told the English Justice that she was Harry's manager, and that all of his "money" were turned over to her and deposited in a Philadelphia bank. "Harry gives me all he earns in his fights," said Mrs. Besterman, "and he has made \$10,650. In 1911 he gave me \$8,545, and she added proudly, "It's nearly all in the bank." Lewis has fought and lost with Jack Harrison, the middleweight champion of England, and he put the Briton to sleep in his third round. Lewis claimed in his suit that the injuries he had received had impaired his nerve, vitality and fighting ability, but Jack Harrison considers that he was only a no-fighter.

During the last three years Lewis has fought principally in England and France, where he is considered a real champion, and has defeated the Young Joseph, Johnny Summers, Corporal Harris, Blunk McQuinn, and Eddie Kid, Harry Mansfield, and other good men.

INTERMEDIATE RUGBY LEAGUE IS PLANNED

Meeting Tonight at Y.M.C.A. to Organize and Get League Under Way

Arrangements are being made for the organization of an intermediate rugby league. A meeting will be held at the Y.M.C.A. tonight to discuss the matter. Prof. Edwards of the university will preside at the meeting. He has been authorized to discuss the northern section of the league.

It is to have three teams in the southern division, and it is expected that the northern division will play for the championship with the winners of the southern division.

It is requested that all teams wishing to enter the league have a representative at this meeting.

Electric Restorer for Men

Phosphoric restorer every nerve in the body. It restores the vitality of the system and vitality. Premature decay of all sexual organs is cured. Phosphoric restorer is a tonic and a stimulant. It is a tonic and a stimulant. It is a tonic and a stimulant.

CHAMPIONSHIP OF U.S. AT GOLF IS BEING DECIDED

Play Started This Morning on Brooklyn Country Club Course.

ENTRY LIST INCLUDES NAMES OF 196 PLAYERS

England, France, Canada and Mexico Have Entries in the Tournament Which is Attracting World-wide Interest.

Brooklyn, Sept. 16.—After being the scene of two weeks of hard practice, culminating in almost continuous play yesterday, the picturesque course of the country club was, so to speak, dusted and its holes replaced for the 24th open golf championship of the United States which started a few hours after sunrise this morning.

The entry list of 169 players is the largest in the history of this event. It will be of international importance from the fact that among the starters will be players from England, France, Canada and Mexico, as well as home foreign-born players from this country. John J. McJannet, of Atlantic City, an Irishman by birth, but a product of the American ed school of golf, will defend his title won for the second time at the last year's tournament.

Interest in the play which is the first of the two preliminary rounds of 36 holes each, will centre in the work of Harry Vardon of England, and Louis Tietjen of France. The former carried off the American open title 13 years ago and holds a long list of British open championships while the latter has made many open events in France. Tietjen will play for the honor of Fall River starting at 9:05, while 20 minutes later Vardon will drive off with Fred McLeod the American title holder eight years ago.

Edward Ray and Wilfred Bell, the champions of Vardon in a quest for the Amateur title will play their preliminary rounds in which nearly all the cracks participated.

Sour Stomach

How stomach gets griping pain in 10 to 15 minutes and keeps it there for 20 to 30 minutes. There is nothing more to be done than to take a few drops of this.

CANADIAN FARMER WILL FIGHT FOR CHEAPER RATES

Writer to London Times Says
There is Grave Unrest
in Dominion.

COMBINE IN CONTROL
OF FREIGHT CHARGES

Ottawa Will Become Centre of
Momentous Struggle for the
Rights of People to Demand
Cheaper Transportation.

London, Sept. 16.—A long letter in the Times from a Canadian, on the subject of Canadian freight rates, states that it is no use discussing the fact that grave unrest exists in Canada among agricultural, industrial and manual classes over the long continued increases in the cost of freight transportation. The Dominion government, says the writer, was apparently under the impression that it could secure assistance from the board of trade inquiry, but it is quite evident that these expectations were doomed to disappointment. It would, therefore, perhaps be well to have an official investigation, rather than leave the question for another decade, as otherwise the patience of Canadian agriculturists may become exhausted.

The Dominion, says "Canadian," has secured neither genius or money in order to bring products to the Atlantic ports of Canada, but has spent \$1,000,000, and at present there is in existence one of the most powerful combines which, under the name of a shipping conference, ever brought into operation. Increased rates of transport which of the flow from Canada to Great Britain represent an annual increase of \$100,000 sterling, and the increased storage rates over rates previous to the conference represent an increase of \$2,500,000.

With the departure of Chairman Drayton, of the railway commission, from London, there is little doubt, says the writer of this letter, that Ottawa will become the storm centre of an issue which is one of the most momentous that Canadians have faced for many years. He does not doubt that the Ottawa cabinet will handle the question with a single eye to Canadian interest. Canadians did not vote hundreds of millions to secure transport across the Atlantic only to be held up by a big combine.

REFUGEES FROM MEXICO.

INSPECTION BY U.S. OFFICIALS
American refugees from Mexico have arrived in large numbers at all towns and cities along the border since receiving President Wilson's urgent message to quit the troubled territory to the south. The above group was photographed upon their arrival at San Diego, Cal.

F. J. HENEY A CANDIDATE.

Los Angeles, Sept. 16.—Francis J. Heney, San Francisco, graft prosecutor, announced his candidacy for the United States senate yesterday, to succeed George C. Perkins, whose term expires on March 4, 1915. Mr. Heney, who is in Los Angeles, has been a resident of California for many years. He is a member of the United States senate and has been a member of the United States senate for many years. He is a member of the United States senate and has been a member of the United States senate for many years.

CROP SITUATION AHEAD OF THAT OF LAST YEAR

Bulletin Compiled from the Reports of the Correspondents of the Department of Trade and Commerce at Ottawa—Livestock Also in Satisfactory Shape.

Ottawa, Sept. 16.—A bulletin issued yesterday by the consular and statistics office of the department of trade and commerce reports the condition of the crops and livestock at the end of August and preliminary elements of the yield of the spring wheat, rye, oats and barley as compiled from the reports of correspondents upon the appearance of these crops.

The weather conditions were favorable for ripening and harvesting the grain crops. In Ontario it was nearly all harvested by the end of the month, while in the prairie provinces, harvesting operations were about two-thirds completed, and it was expected that harvesting would be general by September 10th.

The average condition of the spring wheat is 88.43 per cent. of the standard and of a full crop, which is represented by 100; oats 87.85, barley 87.07, rye 80.35, peas 80.81, beans 78.67, buckwheat 77.81, mixed grains 80.01, flax 85.06, corn 79.78.

On the whole these figures maintain the high standard set by last month's report and marks an advancement for spring wheat, oats and flax. Compared with the figures at the corresponding date last year, the yield of 1912 was 88.43 per cent. of the standard and of a full crop, which is represented by 100; oats 87.85, barley 87.07, rye 80.35, peas 80.81, beans 78.67, buckwheat 77.81, mixed grains 80.01, flax 85.06, corn 79.78.

DISCUSS EFFECTS OF IMMIGRATION ON CANADIAN LIFE

Nowadays the Newcomers are
Arriving Mostly from South
of Europe.

LOWER STANDARD OF
LIVING IS REGRETTED

Condition Held to Work Ad-
versely—Question of Re-
quirements for Citizenship
are Considered.

Winnipeg, Sept. 16.—Immigration questions occupied the time of the Canadian conference of churches and correctional societies at its meeting in this city. W. W. Lee, immigration secretary of the Y.M.C.A. national council, discussed the question of "Immigration and its effects on Canadian Life."

He declared that the change in the ethnic character of European immigration was remarkable. Previous to 1899 practically all the immigration was from Northern Europe, but last year there was only 19 persons from northern Europe and the rest from southern Europe. But they had no right to despise the immigrant from southern Europe for the southern immigrant had produced men of fine ideals. He did not believe that any permanent harm in displacement of labor had taken place through this European immigration. But their lower standards of living had adversely affected our life.

From Southern Europe.

Mr. Lee discussed from facts in connection with poverty and dependence on the foreign population, and said that in proportion to the general population the percentage of foreign speaking papers was small. But the effects of desertion and non-support were larger than normal percentage. In Winnipeg last year 60 per cent of the cases receiving material relief were from southern Europe. There was also a percentage of 25 per cent of dependents due to physical inability, instead of 14 per cent, which would be normal percentage for their population. The speaker considered that the statement that European immigration had greatly increased crime was due more to prejudice than fact. In five years of 1900-1911 only 10 per cent of the persons in the five offences, viz., from southern Europe. But when it came to juvenile delinquency, it was different. In Alberta 27 per cent of the neglected and delinquent children dealt with were of foreign speaking parents, and this was 30 per cent more than their proportion of population. The speaker closed by saying that the question of immigration was not the immigrant, but the Canadian and his attitude toward the immigrant.

In regard to citizenship.

Miss Neill, followed with an able paper on "The dealing of an immigrant for citizenship." She advocated an attempt to get the European immigrant to settle on the land. Also she felt the need of employment bureaus throughout the different provinces to regulate the supply of labor. Miss Neill suggested a reading and writing qualification in English before citizenship privileges were conferred on foreign speaking immigrants. "If the question of citizenship is too important to give a vote to women, surely it is too good a thing to give to men who do not know how to vote," she declared.

The feature of the evening session was a witty contribution by Rev. J. S. Woodworth on "The minimum wage." He estimated a strictly reasonable budget of a family in Winnipeg to cost \$1,250 a year. In relation to wage earning girls, Mr. Woodworth said that there were 72,751 girls in Canada working for \$5 a week. In Winnipeg out of 118 representative store girls examined by a special commission, 25 received over \$7 weekly, 93 received less and 8 got less than \$3 weekly. He said that he asked how the difference was made up. The speaker advocated a living wage fixed by law.

London Banks Will
ESTABLISH IN PARIS

Negotiating for Purchase of Premises
in the Place Vendôme.

Paris, Sept. 16.—The London Times has made an announcement, officially confirming the report that the London county and Westminster bank proposes, like Lloyd's bank of commerce, to establish a branch in Paris, in the French capital.

In order to obtain a nucleus for the new branch, the Times announced that the bank was negotiating for the purchase of premises in the place Vendôme, facing over certain approved accounts of the Banque Franco Américaine. It was added that there was no question of the London county and Westminster bank taking the whole business in Paris to establish a branch, but that the bank was negotiating for the purchase of premises in the place Vendôme, facing over certain approved accounts of the Banque Franco Américaine.

Chicago, Sept. 16.—Fifty delegates declaring they represented a vast army of unskilled workmen attended the opening of the annual convention of the Industrial Workers of the World here yesterday.

The delegates listened to Tom Mann, English labor leader, criticize Samuel Gompers, president of the American Federation of Labor. "Gompers is a pure reactionary," he said, "and has not far away from a sympathetic understanding with the needs of the great army of unskilled laborers."

The virtually is at the head of the American Labor Trust.

Instead of welcoming into its membership all who are in the benefit of organized labor, the labor trust draws a sharp line, excluding the unskilled. If the aims of any right movement for the ultimate emancipation of the workman are to be considered, all workers skilled and unskilled must be welcomed.

STEAMER FIREMAN KILLED.
Sarnia, Ont., Sept. 16.—A fireman on the steamer Stephen C. Hill, was almost instantly killed when a big boiler blew out on the steamer, which was proceeding out of Sarnia harbor on Saturday. His body was taken ashore and shipped to his home here for interment. The deceased was a young man and had resided in Sarnia about three years, having come from Trenton.

PEACE RIVER CROSSING

THE NEXT LARGE CITY OF THE NORTH WILL BE ONE OF THESE FIVE POINTS

Have you seen the Chicago Examiner of September 7th and read the interesting and instructive articles on the Peace River Country in its Western Canadian Supplement?

This Supplement makes us realize the remarkable interest being taken in the Peace River country by the people of the States as well as those of Eastern Canada and England.

Thousands of successful farmers and business men are settling out in the Middle States and will move into the Peace River country as soon as railroad transportation is provided. They have lived and prospered during the development and building up of a country in many respects exactly the same as our Peace River district, and they know great wealth and prosperity awaits the early settler in this North country.

Though the opening of railroad transportation is near at hand, many settlers are already pushing in ahead of the rail, taking up homesteads or laying the foundations of the great cities of tomorrow in the Peace River country.

The big cities of the North will be Grouard, Sarnia, Peace River Crossing, Dunvegan and Holmes Crossing. Each of these will become the leading city of its own tributary and "The next large city of the North will be one of these five points."

OUR PROPOSITION

We sell five lots, one in each of the five towns, for \$500. \$100 cash; balance in 4, 8, 12 and 16 months at 8 per cent. Groups with close-in corners and other especially desirable lots \$750 and \$1,000.

"Don't put all your eggs in one basket." Buy a group of lots in these five towns today, and tomorrow reap an inheritance as a reward for your confidence, judgment and foresight.

TO GIVE CANADIAN COLLECTORS TIME

Plan to Have Wilson Sign
Tariff Bill Saturday to
Allow Readjustment

Washington, Sept. 16.—Efforts are to be made to induce the conferees of the senate and house to reach an agreement on the tariff bill sufficiently early to enable President Wilson to sign the bill on Saturday. The desire to have the bill signed on that day is due to the fact that 24 hours respite will be given to the customs collectors of the United States to readjust their system collections to the new law. As soon as President Wilson signs the bill, the treasury department will give the collectors on the border the new rates on Canadian imports with instructions for applying the new system of ad valorem duties and without delay.

Considerable trouble is expected by the collectors in readjusting the administrative features as well as the new duties. There has been a change in the rate of nearly every Canadian product coming into the United States. A general reduction on Canadian farm products was last night to about 20 per cent, although average reduction of the whole bill is somewhat greater. On many products coming from Canada the reduction is 50 per cent and it will be a few days before the collectors can put the new rates with exactitude.

The problem then which confronts the customs forces is to put the new rates into effect, but to establish an entirely new system of levying duties. The system of Sunday for preparation, but it will be infinitely worse if the bill should become effective on an other day of the week. Strong pressure is therefore being brought to bear on congress to pass the bill so the president may sign it on Saturday.

CHANCE WORD LEADS TO THE ARRESTS OF YOUTHS

Joyrides Who Were Tying to Con-
ceal Body of Their Dying Com-
panion Overhead Making
Remark.

Winnipeg, Sept. 16.—Traced by a chance remark revealed as they were attempting to conceal the body of their dying companion, the joyriders who stole an automobile have been arrested by the police with the exception of one, and the identity of the youth killed established as that of George Graf, of 410 Aberdeen avenue, a clerk employed in the north end branch of the Union Bank.

Miss Wenzel overheard the riders while moving the body, and told a reporter, who in turn located the fact that the son of George Graf had been missing. "The body was soon identified."

Alex. Sautler and William Nino are under arrest, held as material witnesses, although it is said they were not in the car at the time. William Eichen, who it is said, was driving the car, is still missing, and the police are searching for him.

The boys had been attending a wedding and had been drinking. During the evening they had been taking parties out in the car, but at the time of the accident, only Graf and Eichen were the occupants. The car blew a tire and turned completely over, throwing Graf out with fatal results.

Toledo now claims to have a population of 176,706. Board of elections census figures.

For months in anticipation of the low rates, and there will be a race to put these goods through the customs house, to take advantage of the first demands for low priced foreign goods. The administration features of the law have also been changed, necessitating a new method of procedure in many cases.

It will be difficult enough for the collectors and their employees if the new law goes into effect on Saturday, which will give the 24 hours of Sunday for preparation, but it will be infinitely worse if the bill should become effective on an other day of the week. Strong pressure is therefore being brought to bear on congress to pass the bill so the president may sign it on Saturday.

SALE OF LOTS AT PRINCE GEORGE BRITISH COLUMBIA

SITUATED at the confluence of the Fraser and Nechaco Rivers in Central British Columbia, 450 miles north-east of Vancouver, B.C., and 467 miles east of Prince Rupert, B.C., or midway between Prince Rupert and Edmonton, Alta., on the main line of the Grand Trunk Pacific Railway. By reason of its central location, Prince George will be the natural distributing point for the extensive territory comprised in the Pacific Province of the Dominion, and it has therefore long been the expectations of the general public that, upon the completion of the Grand Trunk Pacific Railway, Prince George will become a large and important centre.

Having purchased what was known as the Fort George Indian Reserve, No. 1, for the purpose of locating a townsite thereon, the Grand Trunk Pacific Development Company Limited has caused the same to be surveyed and platted and will offer for the extensive territory comprised in the Pacific Province of the Dominion, and it has therefore long been the expectations of the general public that, upon the completion of the Grand Trunk Pacific Railway, Prince George will become a large and important centre.

The terms of this sale will be one-quarter cash and the balance payable in one, two and three years with six per cent. interest. For further particulars and plans apply to:

G. U. RILEY
Land Commissioner, Grand Trunk Pacific Railway Company, Winnipeg, Man.

JOHNSTONE WALKER

It's a magnificent assemblage of authoritative fashions in Coats, Cloaks, Dresses, Blouses, Skirts and Underskirts, Fur Coats, Fur Sets, Golf and Sweater Coats, Bath Robes, Kimonos and Children's Coats and Dresses, etc. It's the occasion of an authoritative review of feminine fashions as approved by the leading Fashion Centres of the world. And what of these new styles? **Charming! Handsome! Lovely!** They're all that and more. They're practical and becoming and to a point rarely achieved in a new season's fashions: These charming exhibits feature in great variety individual or exclusive modes, in which distinction, originality and refinement have been quite successfully combined. Come in Wednesday, then, and revel in these lovely new Autumn Fashions.

Stunning New Styles in Fall Suits and Separate Skirts

READY TOMORROW, the most important display of women's and misses' Tailored Suits and Separate Skirts this store has ever made at the beginning of a new season.

Our fixed determination in the assembling of these coats has been to give you the latest and most fashion favored styles and to maintain selection to a point where duplicates are a rarity in the higher priced modes. And a careful inspection of our stock tomorrow will demonstrate to you how successful we have been.

Ladies' Tailored Suits for street or business wear, at \$25:

Ladies' Tailored Suits for street or business wear, featured in navy or black serge and Scotch tweeds in shades of brown or grey; Coats in the popular length, 36 or 38 inch, with cutaway or round front, with three or four button fasteners; lined with skinner satin, tailored with notch collar and revers; skirt very plain, retaining the slim effect, slashed on the side. Price \$25.00

An Elderly Woman's Suit at \$27.50:

Tailored in a striped all-wool grey and black worsted. Coat cut with the long plain back and rounded fronts; tailored with a black silk velvet collar and revers of 88W; trimmed with black bone fasteners; satin lined; skirt in four piece style, trimmed with inserted fold pleats on each side. Price \$27.50

Dressy Afternoon Suits at \$35.00:

For afternoon wear we are showing stylish suits of grey or navy all-wool French serge, lined with satin; coat with long plain back with three button cutaways; fashioned with plain tailored collar and revers; skirt in the three piece style, slightly draped on the left side. Price \$35.00
